Physical Traits

The **Aen Awyr** are shorter than **Aen Seidhe** and thinner, as such its theorized they have hollow bones like birds to lighten the load helping them glide easier and faster. Some **Aen Awyr** have developed the ability to turn their arms into wings using magic though this is an exceedingly rare trait that only one in twenty possess in their population, these elves are called '**Wingbound**' and are venerated as special amongst their people.

Notes

- The race known as the **Aen Awyr** are a purely fanon creation as such there is no official proof of their existence in the Witcher works outside the fanon community.
- The existence of **Aen Awyr** are a personal iteration inclusion for the fanon by **Adalwulf of Aedirn**, as such their existence in the fanon is not 'definitive' and is subject to the decision of inclusion in others head canons.
- The **Aen Awyr** are free to use in stories and articles, all I ask is that you honor the lore present and if you make one add their name and a link to this page.
